

## **Application form and written agreement for the print service of Kan-Dai Digital Holo-Studio**

To the Project leader of the Computer Holography and Massive Data Processing Project supported by the MEXT-Supported Program for the Strategic Research Foundation at Private Universities:

Date: \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_

Applicant (affiliation, title): \_\_\_\_\_

Name (signature): \_\_\_\_\_

I (The User) apply for the service of printing interference patterns to produce computer-generated holograms provided by Kan-Dai Digital Holo-Studio. I understand the terms of use of the print service and promise to abide by the terms.

If there are acts that violate the terms of use, I will not file a complaint with Kan-Dai Digital Holo-Studio over the rejection of lending or update of the lending period of the generated holograms. I pledge that I will return the generated holograms under lease, if any, at the earliest possible opportunity.

### Conditions of use (excerpt)

- Do not use the print service for purposes other than research and artistic purposes.
- Do not sell or transfer the holograms generated by the print service.
- Do not lend the holograms generated by the print service to a third party.
- Research purpose: publish the research achievement in journals or at academic society meetings. Include one or more members of the Project as a coauthor of the paper.
- Artistic purpose: exhibit the works of art in public spaces. Include one or more members of the Project as a coproducer of the works of art.
- Report the publication of scientific papers and exhibition of works of art to the Project Office
- Do not file a complaint if the qualities of the printed interference patterns or the reproduced images are unsatisfactory.
- Do not question the Project's responsibility of any direct or indirect damage on the part of the user resulting from the use of the print service.

Notes:

- Application to use the print service may be rejected depending on the results of examining the submitted documents and the interference pattern test.
- In principle, the copyright on the holograms generated by the print service belongs to Kan-Dai Digital Holo-Studio. The users have the right to borrow the generated holograms for three (3) years. The lending period is updated by an agreement between the user and Kan-Dai Digital Holo-Studio.
- Kan-Dai Digital Holo-Studio may publish the names of users and holograms as achievements of the Project on the website and other media.

(Revised on 17 March 2015)

Application items

Date: \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_

Applicant	Name Affiliation/title
Contact	Address Telephone number E-mail address
Purpose of use	Research purpose                      Artistic purpose
Summary of research (Research purpose) or Summary of production (Artistic purpose)	
Planned publication of research achievement (Research purpose) or Planned exhibition of works of art (Artistic purpose)	
Name of coauthor/coproducer of the Project to be specified in published material	
Pixel pitches of fringe patterns (horizontal direction × vertical direction)	
Number of pixels of fringe pattern (horizontal direction × vertical direction)	
Illumination used for reconstruction of CGH	Angle of incident light (plane waves)  Center of light source (spherical waves)

Data or image for simulated reconstruction
